SUCH RESULT ENTIRELY UNEX-PECTED IN WALL STREET.

United States court at St. Paul against the Standard Oil company of New Jersey, declaring that corporation lilegal and ordering its dissolution, was the one great feature of today's stock market. The news was evidently unexpected, and had the effect of turning a very active and strong market into one of extreme weakness. The importance of the decision and its far-reaching possibilities were freely acknowledged by officials of the corporation concerned, who hastened to add, however, that the case would be promptly taken to the court of last resort, in accordance with an agreement entered into some time ago between the government and defendants.

Before the decision there had been a resumption of the recent activity in various

sumption of the recent activity in various specialties, including the copper shares, one of which, Utah Copper, almost repeated its performance of a week ago, with an advance of over 5 points. There were spectacular moves in other stocks of the same group, but the usual specu-lative issues were inclined to irregularity. With the first word of the decision there ensued a general selling movement which at times bordered on demoraliza-tion. Not only were all the early gains wiped out, but net losses for the day ranged from 1 to 3 or more points. There was some indication of a rally in the final trading, but this was offset by fur-ther liquidation, and the closing was weak

weak.

The bank statement showed some extraordinary differences in actual and average conditions. In the latter loans decreased by over \$1.600,000, while in the actual condition loans were increased by almost \$400,000. There were corresponding increases and decreases in the reserves, but on the whole the bank position for the week may be said to have strengthered.

More gold for shipment to South America was announced, making exports to that country for the week over \$6,000,000.

Gossip included rumors of serious friction among the leading interests in the Rock Island-Frisco systems, but these were emphatically decied in authoritative operators.

Bonds were steady. Total sales, par value, \$1.573,000.

The United States 4s registered declined 1/4 per cent for the week.
